RELATIONSHIPS AND SERVICES

What investment services and advice can you provide me?

We offer personalized investment management services to retail investors by giving continuous advice and making investments based on the client’s individual investment goals. We have specialized expertise in creating fixed income portfolios for our clients. As a standard part of our investment management services, we monitor the investments in your portfolio on a continuous basis. We will contact you (by phone or e-mail) at least annually to discuss your portfolio and to see if there are any changes in your financial circumstances and investment guidelines. We provide our investment management services on a discretionary basis which allows us to buy and sell investments without asking you in advance. There is a \$1 million minimum for our investment management services, although this requirement can be waived at our discretion.

FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

What fees will I pay?

We charge an asset-based fee for our investment management services either quarterly or monthly arrears. *In regard to our asset-based fee, the more assets that are in your account, the more you will pay in fees and therefore, we may have an incentive to encourage you to increase the assets in your account.*

In addition to our advisory fees, you may be responsible for paying some or all of the following types of fees:

- Fees paid to the custodian that holds the assets in your account
- The fees paid to managers of the mutual fund(s) or closed end funds that are selected for your account
- Transaction fees when an investment is bought or sold for your account

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investment over time. Please make sure you understand what fees and costs you are paying.
